MOTO MORINI – COMPANY PROFILE

The historical motorcycling house Moto Morini, strong with its over eighty years of greatest accomplishments and its pioneering attitude, represent a symbol of excellence and Italian prestige in the two wheels world. Thanks to its constant bond with tradition, combined to the strong sense of innovation, it realizes top quality models that are the combination of technological progress, eye for details and typically Made in Italy design.

The company was born in the mid-thirties thanks to its founder Alfonso Morini, great pilot and designer from Bologna.

In 1946 the first two-stroke 125 goes into production, defined "success of the year"and since then the brand Moto Morini, thanks to its technical skills and innovative attitude, grows exponentially even in motorcycling competitions.

In over eighty years of history Moto Morini has revealed iconic and legendary models, such as the 175, the Double-shaft 250, the Corsarino 48 e the 3 ½, the latest Corsaro, Super Scrambler and Milano, up to the X-CAPE crossover and the Seiemmezzo family.

Today the company is part of the Zhongneng Vehicle Group, that aims to expand the Morini range of products and increase its presence on the market, keeping its traditional Italian inspiration alive and its excellence all over Europe guaranteed.
